AGENDA ITEM No. 1 – CALL TO ORDER

The meeting was called to order at 4:53 pm.

AGENDA ITEM No. 2 – PRAYER

The meeting commenced with a prayer.

AGENDA ITEM No. 3 – ADOPTION OF AGENDA

The agenda was adopted on a motion moved by Councillor Ms. Rhoda St. John and seconded by Councillor Mr. Ericson Romain subject to the following amendments:

- Inclusion Agenda item No. 4a – Remarks by Mr. Steve Joseph, Local Government Commissioner (Ag).
- Inclusion Agenda Item No. 7a – Minutes of Special Meeting of February 02, 2024.

AGENDA ITEM No. 4 – CHAIRPERSON’S REMARKS

The Chairperson, Ms. Sandra Ermine Royer, expressed her gratitude to all members present at today’s meeting. She also expressed her sincere good wishes to everyone, noting the ongoing observance of Holy Week. She emphasized the significance of this time.

The Chairperson underscored the importance of maintaining a respectful and focused atmosphere throughout the Lenten session. She articulated her optimism for a productive and harmonious meeting and encouraged active participation from all attendees.

At that stage, the Chairperson invited the Acting Local Government Commissioner, Mr. Steve Joseph, to address the Council.

REMARKS BY – MR. STEVE JOSEPH, LOCAL GOVERNMENT COMMISSIONER (Ag).

Mr. Steve Joseph addressed the Council, introducing himself as the Acting Local Government Commissioner until June 2024, when Mr. Glenroy Toussaint resumes his role as Commissioner. He told the meeting that with over 30 years of experience within the institution, he emphasized the importance of familiarizing the Council with his role and expressed his willingness to provide support and guidance to them.

He underscored the role of the Roseau City Council as the premier local government authority in Dominica. He urged members to appreciate its history and significance, particularly as the Council approaches its 130th year of existence. Mr. Joseph highlighted recent discussions regarding jurisdiction and authority in strategic meetings involving various government departments, emphasizing the Council’s responsibility in addressing issues such as derelict vehicles and vending in the City.

At 5:14 PM, Councillor Mr. Sherman Boston came in and took his seat.

Mr. Joseph recommended thoroughly reviewing relevant laws, including the Roseau City Council Act, and studying existing regulations and by-laws. He proposed collaboration with the Attorney General’s office for assistance in this endeavor.

He emphasized the importance of aligning the Council’s efforts with the resilience agenda and Sustainable Development Goal No. 11, focusing on making the City safe. He suggested holding a dialogue during Local Government Month to assess the City’s progress towards becoming a beacon City in the Caribbean, addressing gaps and opportunities for improvement. He expressed his willingness to collaborate on reviewing the Council’s plan of action, organizational structure, staffing adequacy, job descriptions, appraisal systems, and overall capacity to deliver modern services.

Furthermore, Mr. Joseph highlighted the significance of the role of the Mayor in the proposed Local Government Reform and urged a discussion on elevating its functionality beyond ceremonial duties. He emphasized the need for conversations on restructuring to ensure the Mayor’s office is equipped for effective governance.

The Local Government Commissioner (Ag.), Mr. Joseph, also discussed decentralization efforts to bring services back under Local Government control and enhance the Council’s relevance and authority in providing local public services. He suggested collaboration between the Council and sectors to improve service delivery, citing examples such as hurricane shelters in which he made reference to the Tarish Pit Shelter.

Mr. Steve Joseph stressed the importance of providing legislative training for the Council members. He noted that Councillors hold legislative authority and can propose by-laws for Ministry approval. Mr. Joseph thanked the Council for the opportunity to address them and welcomed any questions.

Regarding Councillor Mr. Romain’s views on the decentralization of powers post-independence, he specifically mentioned the vending issue in the City.

In response, Mr. Joseph emphasized the need to extend invitations to the Police Force especially in relation to the vending issue. He also stressed the importance of depoliticizing the Council’s decisions for successful decentralization efforts.

He acknowledged the collaborative efforts between the Council and the Department of Local Government for effective administration but highlighted the necessity of defining the role of local government. Mr. Joseph suggested engaging with Parliamentary Representatives and the Honorable Minister for Local Government to navigate political implications.

On the question of jurisdiction, the City Clerk, Mr. Thomas A. L. Baptiste, informed the meeting that he raised concerns relating to jurisdiction in discussions with the Police regarding the vending of marketable commodities.

Mr. Joseph proposed that the Council could act as a committee to address relevant issues in areas where jurisdiction is unclear.

The City Clerk expressed his disappointment in the lack of progress by the multi-sectoral task force set up in the past to address this issue, underscoring the need for decisive and effective action to resolve many issues that require immediate and permanent fixes.

On the question of changes to legislation, the City Clerk, Mr. Baptiste, confirmed that there had not been any since the establishment of the Roseau City Council in July of 1982. Mr. Joseph emphasized the importance of clarity in authority, stating that understanding one's jurisdiction allows for effective action even within existing mechanisms.

The City Clerk further elaborated on legislation and highlighted a point raised earlier by Councillor Mr. Ericson Romain regarding the weakening of the Council by successive governments, referencing the post-independence period; he stated that Central Government actions had significantly diminished the authority of the Roseau City Council. This was primarily due to political dynamics, particularly during the reign of the Dominica Freedom Party (DFP), where the Central Government systematically curtailed the Council's powers, including removing jurisdiction over markets, parks, grounds, sewer, solid waste disposal, naming of streets to name a few.

He emphasized the significance of reestablishing control over the market. He gave an example of the authority the Council once had in regulating and controlling marketable commodities in the City prior to the revoking of the Council legislations relating to the control of the Roseau Market.

Mr. Baptiste further stated that the entity who controls the Roseau Market has the legal responsibility to control and regulate vendors of Marketable Commodities within the boundaries of the City of Roseau and one (1) mile beyond the boundary of the City.

On the question of collaboration, the City Clerk recounted instances where the Council had collaborated with law enforcement to clear the streets, notably following Hurricane Maria in 2018. Despite successful initiatives, there were instances of discomfiture, such as when vendors produced unofficial receipts from the Council during police actions, plunging the Council into disrepute.

In response, Mr. Joseph reiterated the importance of understanding the law to ensure appropriate actions and adherence to jurisdiction.

The City Clerk clarified that the Council is not in the practice of issuing licenses for vending of marketable commodities.

Councillor Mr. Sherman Boston raised concern regarding the diminishing of responsibilities of the Council over the years, particularly regarding water and sewage management and solid waste. He stated further that despite the existence of entities such as Dowasco and Dominica Solid Waste Management Cooperation, these responsibilities still legally fall under the Roseau City Council's purview according to the Act of Local Government.

In response, Mr. Joseph emphasized the importance of discussing this matter. While the law grants the Council authority to establish by-laws and regulations in various areas, there needs to be a process to review and determine where the Council can still exert influence. He highlighted the precedence of National Law over Local Government Law, which led to the establishment of entities like the Solid Waste Corporations. Mr. Joseph suggested considering international examples, such as Guadeloupe and Martinique, where some government entities report to the Council, indicating potential avenues for empowering the City Council in a new dispensation or reform.

The City Clerk acknowledged that some by-laws were appealed but noted that the Roseau City Council Act Chapter 25:01 Section 18-1 lists a number of items in which the Council can make by-laws. The City Clerk also told the meeting that there appear to be some discrepancies under that section.

Mr. Joseph indicated his understanding of the City Clerk's points.

The City Clerk highlighted the conflicts that arise during meetings due to these jurisdictional issues.

Councillor Mr. Boston told Mr. Joseph that he understood his statement regarding the Council's role in getting legislation approved by the government.

The City Clerk referenced the history of Water control in Roseau, noting the transition from the Roseau Town Board to the Central Water Authority before the establishment of Dowasco. He highlighted that the Council controlled water works in the Town of Roseau prior to the 1970s.

Mr. Joseph concurred with the City Clerk's remarks and expanded on the concept of decentralization. He explained that historically, local governments were responsible for providing critical services until centralization occurred after 1957. This shift was due to the perception that Councils wielded too much power, leading to the transfer of responsibilities to the Central Government. He emphasized the need to reevaluate the role of Local Government in fostering resilience.

Councillor Mr. Sherman Boston highlighted a disparity in water access in the Kingshill area, where residents above Dowasco's water system face challenges connecting to it. He suggested that Councillors collaborate to propose legislation to the Minister requiring Dowasco to extend water connections to properties within a certain distance.

In response, Mr. Steve Joseph noted that such situations may not always require legislation. He advised reaching out to the relevant Minister and Dowasco's manager to understand any limitations preventing closer water connections. He also suggested advocacy efforts by the Council on behalf of citizens, emphasizing their role as intermediaries between citizens and state services.

Councillor Mr. Ericson Romain highlighted the complexities involved in making changes to the market, noting overlapping laws with environmental health and solid waste management.

Mr. Steve Joseph acknowledged the complexity but expressed optimism about potential improvements.

Councillor Mr. Romain inquired about the stalled progress regarding the proposal to separately elect the Mayor as part of the Local Government Reform, questioning concerns about granting the Mayor too much power.

Mr. Joseph referenced the Kalinago Chief as a relevant example, where separate elections are held, indicating that similar arrangements could be feasible within their system.

The City Clerk supported Mr. Joseph's point, emphasizing the challenges in defining the Mayor's role, particularly in Roseau, where the Mayor's influence spans multiple political districts. This complexity, he said, could make it difficult for the Government to determine the Mayor's role, especially considering potential political implications across constituencies.

Mr. Joseph noted that this arrangement poses challenges but also presents opportunities. He recommended a broad-based committee, including the Mayor and representatives from the City Council, to facilitate discussions and address roadblocks to progress. He emphasized the need for dialogue to move forward with the reform process.

The City Clerk expressed a desire for the government to give greater autonomy to the Council, recognizing that without it, they remain limited in their capacity to act effectively.

Mr. Joseph echoed this sentiment, suggesting that some Ministers may not fully understand the Council's objectives, but with clearer communication, they could be more supportive of the Council's initiatives.

The Chairman, Ms. Royer, thanked Mr. Steven Joseph for his valuable contributions to the discussion, acknowledging the insights gained and appreciating his presence at the meeting. She extended an invitation for him to return in the future.

At 6:02 PM, Mr. Steven Joseph was excused.

AGENDA ITEM No. 5—STATEMENTS OF REVENUE AND EXPENDITURE FEBRUARY 2024

Councillor Mr. Kenroy Leblanc raised concerns regarding the high payable listing and suggested that some payments should be made since a surplus was recorded for the month of February 2024.

Mrs. Stacey Andrew-Pendenque, the Senior Accounts Clerk, clarified that although a surplus was achieved in February 2024, payments to Mr. Peter Dominique, Malcolm Steven and Sons Ltd, West Indies Oil Ltd, and Dominica Broadcasting Station would be reflected in March 2024 financial records and not February 2024 Statements.

Councillor Ms. Sonia Felix proposed discussing payments to vendors, especially considering the nearing end of the tourism season.

The Chairman, Ms. Royer, acknowledged the suggestion but indicated it would be addressed under Matters Arising.

Both Councillor Mr. Leblanc and Ms. Felix expressed satisfaction with the surplus generated in February 2024.

The Statements of Revenue and Expenditure for the month of February 2024 was adopted on a motion moved by Councillor Mr. Kenroy Leblanc and seconded by Councillor Ms. Marilla Adams.

AGENDA ITEM No. 6 – CONFIRMATION OF THE MINUTES OF STATUTORY MEETINGS OF FEBRUARY 28TH, 2024

At 6:09 PM, Mrs. Pendenque was excused.

Motion: Councillor Mr. Kenroy Leblanc moved that the minutes of the statutory meeting of February 28th, 2024, be confirmed; Councillor Ms. Rhoda St. John seconded the motion. The motion was carried out, and the above minutes was duly confirmed.

AGENDA ITEM No. 7 – MATTERS ARISING OUT OF THE MINUTES

Elvis Casimir

Councillor Mr. Leblanc inquired about Elvis Casimir's current status.

The Chairman, Ms. Sandra Ermine Royer, informed the Council that the individual no longer resides with his sister and appears to be homeless. She told the meeting that any donations made to the individual is likely to be of no-good use.

Councillor Mr. Sherman Boston expressed disagreement, suggesting that the Council should still consider making a generous contribution to the individual.

The City Clerk supported Councillor Mr. Boston's sentiment.

Councillor Ms. Marilla Adams then proposed providing funds to someone in the Community who could prepare meals for the individual.

Councillor Mr. Sherman Boston recommended negotiating terms of engagement with the individual before a decision is made.

The meeting agreed that Councillor Mr. Boston should investigate further and provide an update so that a decision can be made.

Councillor Mr. Kenroy Leblanc sought clarification on whether retired workers had received their gratuity payments.

Mrs. Dollian Martin highlighted a pothole on King George V Street and Old Street, indicating that it falls under the responsibility of Public Works. The City Clerk agreed to refer the matter to Public Works.

BAYFRONT VENDORS:

The Chairperson handed Councillor Mr. Sherman Boston a letter from the Permanent Secretary in the Ministry of Tourism, Ms. Lisa Valmond, informing the Council that the cruise ship season comes to an official end on April 30, 2024. Following which, there will only be four calls, 2 in May and 1 each during the months of June, July, and August.

She further advised that arrangements for placement of vendors during the off-season are to be made between the Council and the vendors. She advised also that Council should begin discussions with the vendors in that regard.

Discussion

Councillor Ms. Sonia Felix inquired about the relocation of the Bay Front vendors and the planned removal of tents from the Bay Front at the close of the Tourist Season.

The City Clerk advised that there is a contentious issue regarding the vendors and the Ministry of Tourism, and there are unresolved issues between the parties. He said the Council should tread cautiously and advised that the proposed plans to relocate vendors along Church Street, Love Lane, and Long Lane did not get the blessings of the Vendors Association. However, he advised that this proposed arrangement legitimizes the Council's authority to regulate the vendors during the off-season.

Councillor Mr. Boston confirmed the plan's implementation, stating that vendors agreed to relocate during a previous meeting. He mentioned the provision of spaces for vendors in the plan and the need to find additional space.

The City Clerk suggested that the Council meet with vendors interested in vending during the off-season.

Councillor Mr. Boston proposed holding meetings with vendors after securing all necessary spaces for reallocation.

Councillor Mr. Leblanc concurred with the approach.

Decision: It was suggested that the Council look at the areas mention to ascertain whether there is sufficient space to accommodate 21 vendors who were registered for the off- season.

At 6:58 PM, Councillor Ms. Marilla Adams was excused.
