By Command

CAREEN PREVOST
Secretary to the Cabinet.

(DSWMC) wish to inform the public that in accordance with Section 7 of the SOLID WASTE MANAGEMENT ACT, a Draft National Waste Management Strategy, together with recommendations for policy and legislative reform, has been prepared under the UNEP Zero Waste in the Caribbean Project.

The Strategy seeks to guide Dominica's transition towards a modern, integrated and circular waste management system that promotes waste reduction, reuse, recycling, resource recovery, environmental protection and sustainable development.

As part of the policy development process, Government is undertaking a period of public consultation to solicit comments, recommendations and feedback from stakeholders and members of the public.

The proposed Strategy addresses key areas including:

- Waste reduction and prevention;
- Recycling and resource recovery;
- Waste collection and disposal infrastructure;
- Legislative and policy reform;
- Private sector and community participation; and
- Public education, data management and capacity building.
